Changes to Transit Reimbursement

Changes to Transit Reimbursement Language 1

Effective July 1, 2024, there were changes made to transit pass reimbursement opportunities under Article 9 (O) and Appendix "A", Article 25, in the collective agreement.

CORRECTED 2024/2025 Earned Time Off 2

While this reimbursement was previously only offered to select employee groups, now **all** IUOE employees are eligible to receive reimbursement for monthly passes or a **one-time** load to a Compass Card up to the annual maximum.

The total amount employees can claim for reimbursement has also increased from \$100 per calendar year to \$140. Please note that reimbursements from this fund continue to be processed on a first-come first-serve basis until the fund is depleted and requires proof of purchase.

In addition to the above, a one-time transit pass reimbursement of \$210 is also available to all IUOE employees. Reimbursements from this fund will also be processed on a first come first serve basis until the fund is depleted and requires proof of purchase. Employees should note that they are eligible to claim this reimbursement in addition to the \$140 reimbursement in a calendar year.
